

April 6, 2013

Dear Members of the Wauwatosa Lions Club,

Allow me to congratulate your members on 75 years of service to Wauwatosa. You should all be very proud of the various ways your organization has served Wauwatosa since 1938.

I am sure that there are thousands of individuals who would be willing to add their thanks for eyeglasses, for a leader dog, for a scholarship to ease a weighty tuition bill, for an opportunity to enjoy the outdoors at Lions Camp, for groceries or for support of many school programs that are designed to stimulate student improvement and enhance the school curriculum. It seems there is almost no facet of life in Wauwatosa that has not in some way benefitted from the efforts of past and current Lions. Your collective efforts have supported the schools, the Library, the food pantry, local businesses and the Police Department.

I am sorry that prior commitments have made it impossible for me to attend your celebration. But please accept my most sincere congratulations on your 75th anniversary and my wishes that your Club will continue to support Wauwatosa for many more years.

Kathy Causier
Alderwoman, Second District
